  mahesh.chudasama098@gmail.com
- **Address**
  Anamika Society, University Road, Rajkot,Gujarat

TECHNICAL SKILLS

- HTML / CSS
- javaScript
- react.js
- node.js
- express.js
- mySql
- mongoDB

SOFT SKILLS

- Problem Solving
- Creative Thinking
- Time Management
- Quick Learning

LANGUAGES

- English
- Hindi
- Gujrati

EDUCATION

Gujarat Technological University   **Mar - 2023**
Master of Computer Application

Saurastra University   **Mar - 2021**
Bachelor of Computer Application

WORK EXPERIENCES

Plusinfosys   **Jan 2023**
(Software engineer)

Designing and implementing software solutions while collaborating with cross-functional teams to ensure the development of efficient scalable and high-performance applications.

PROJECT

Seedling

Developed a robust software solution for pharmacy management seamlessly integrated with a weather cloud,employing React.js, Node.js, Express and My sql technologies

Demonstrated expertise in MERN-stack development, optimizing processes for enhanced productivity and data accuracy.

Life-Care (Hospital Management System)

Innovative hospital management software architect.

Utilizing Node.js, Express-handlebars, Angular and monogo DB technologies to streamline operations, enhance efficiency, and facilitate seamless communication within healthcare environments
